Key Portfolio changes

COMPLETE EXIT:

The Fund exited from Larsen & Toubro after the management unexpectedly lowered the order inflow guidance for FY12 to 5% from their recently stated 15% level. The management also suggested greater margin pressure in the coming quarters.

NEW ADDITION:

The Fund added Hero Motocorp, which is the leader in the domestic 2 wheeler/motorcycle segment, specifically the executive segment. In this segment, we remain confident of reasonable growth in the medium term given the strength in rural incomes and the unmet public transportation needs. More importantly, HeroMotocorp is characterized by a strong brand franchise which translates into very healthy ROCEs and payout ratios.
